Campus Community,

This is a friendly reminder that we will observe our standard Spring Holiday on Friday, April 2. Students, staff, and faculty members will receive a much needed break, as the campus will be closed and classroom instruction will not take place on this date.

As the Spring Holiday approaches and plans are made for enjoying the long weekend, it is important to continue to be diligent in maintaining all health and safety protocols that have been critical in slowing the spread of the COVID-19 virus.

As a reminder, important health and safety protocols are as follows:

- **Wear a face mask** in indoor or outdoor spaces in which you may interact with others
- Maintain **social distancing** of 6 feet or greater from others whenever possible
- Frequent and thorough **hand washing** with soap and water for at least 20 seconds following contact with public surfaces
- Utilize the [Daily Self-Check Health Survey](#) before reporting to campus each work day and report illness, exposure or travel concerns via the [COVID-19 Notification Form](#) before returning to the workplace when prompted

Thank you for keeping our campus community safe over the long weekend and into the final weeks of the term.
